

cotton_modules

```
graph TD; cotton_modules[cotton_modules] -- 2 --> cotton_lib[cotton_lib];
```

The diagram illustrates a dependency relationship between two modules. At the top, a light purple rectangular box with a black border contains the text 'cotton_modules'. A black arrow points vertically downwards from the bottom center of this box to the top center of a second box below it. The number '2' is positioned to the right of the arrow, indicating a weight or strength of the dependency. The second box is white with a red border and contains the text 'cotton_lib'.
