

Cotton::Parser::signalError

```
graph LR; A[Cotton::Parser::signalError] --> B[Cotton::ErrorManager::signalError]
```

A diagram showing a relationship between two classes. On the left, a gray rectangular box contains the text 'Cotton::Parser::signalError'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'Cotton::ErrorManager::signalError'.

Cotton::ErrorManager  
::signalError
