

Cotton::Builtin::Function
Instance::copy

Cotton::Builtin::Function
Instance::getSize

Cotton::Builtin::Function
Instance::FunctionInstance

```
graph LR; A[Cotton::Builtin::Function Instance::copy] --> C[Cotton::Builtin::Function Instance::FunctionInstance]; B[Cotton::Builtin::Function Instance::getSize] --> C;
```

The diagram illustrates a mapping or inheritance relationship. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'Cotton::Builtin::Function Instance::copy' and the bottom box contains 'Cotton::Builtin::Function Instance::getSize'. On the right, there is a single gray rectangular box with a black border containing the text 'Cotton::Builtin::Function Instance::FunctionInstance'. Two blue arrows point from the right side of each white box to the left side of the gray box, indicating that both 'copy' and 'getSize' methods are associated with or inherit from the 'FunctionInstance' class.
