

Cotton::Builtin::Character
Instance::copy

Cotton::Builtin::Character
Instance::getSize

Cotton::Builtin::Character
Instance::CharacterInstance

```
graph LR; A[Cotton::Builtin::Character Instance::copy] --> C[Cotton::Builtin::Character Instance::CharacterInstance]; B[Cotton::Builtin::Character Instance::getSize] --> C;
```

The diagram illustrates a mapping or inheritance relationship. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'Cotton::Builtin::Character Instance::copy' and the bottom box contains 'Cotton::Builtin::Character Instance::getSize'. On the right, there is a single gray rectangular box with a black border containing the text 'Cotton::Builtin::Character Instance::CharacterInstance'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both methods or attributes on the left are associated with or mapped to the 'CharacterInstance' property on the right.
